

TORCH LAMP by Arik Levy

Clear crystal, white lampshade

History :

The Torch collection takes up classic Baccarat lighting codes as seen through the use of the straight arm from the Zénith chandelier and the drip saucers decorated with pendants. The pairing of crystal and shiny metal brings a touch of modernity to the product. Arik Levy enjoyed playing with the lamp shades by proposing a black lampshade turned upside down.

Composition :

Handmade twisted crystal straight arm, hurricane holder and drip saucer decorated with clear crystal pendants and arrowed prisms as well as one red crystal pendant. Polished mirror finish stainless steel base. Nickel-plated brass base with a polished mirror finish. White lamp shade in pleated taffeta placed upright or upside down black lamp shade with an aluminium reflector.

General information

Mixed lighting
Power supply: power plug
Cable length: 55.1 in
Product weigh: 7,3 lbs

Reference number: 2601567

CEI*

1 x 40W E14

Maximum electrical power: 40W
Voltage: 220-240V~
Frequency: 50/60Hz
Power switch: electrical inverter

Certifications

Reference number: 2601565

UL*

1 x 40W E12

Maximum electrical power: 40W
Voltage: 120VAC
Frequency: 60Hz
Power switch: electrical inverter

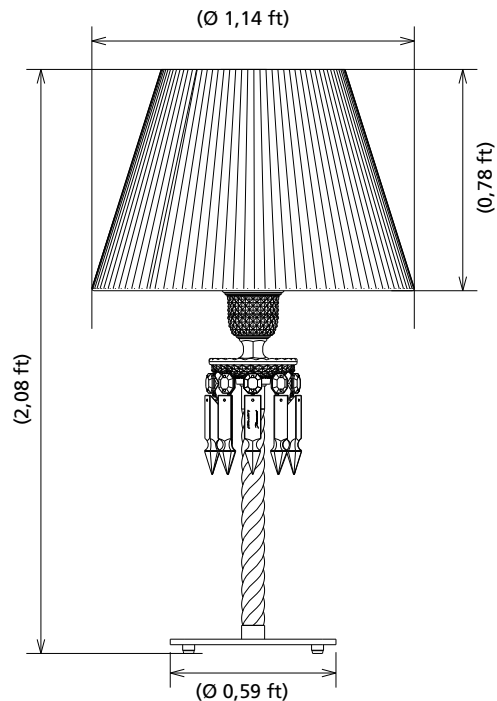

Reference number: 2601566

JETRO*

1 x 40W E12

Maximum electrical power: 40W
Voltage: 100-127V~
Frequency: 50/60Hz
Power switch: electrical inverter

Certifications

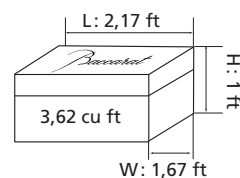

Collection TORCH

Packaging

Red box x 1

Total weight except product: 6,61 lbs
